

- District Assembly:
 - For more information on the DA situation, see the attached letter
 - We can only send 30 people due to space concerns
 - Chances are we can't fit everyone together in the same place
 - We do NOT plan to do caucus at DA
 - DA contacts request in-person meeting at end of March due to questions about our safety policies
 - Florida Board was actually not aware of new regional policy
 - The new safety policy actually lines up pretty well with our own. However, they do not consider our advisor training and safety policy adequate
 - They request a 1:5 advisor/youth ratio rather than the usual 1:8
 - If the meeting goes well, we then have 3 weeks to get all of our advisors approved by their procedures
 - Our worship is on the schedule, but our workshop has not been confirmed
 - Question: In light of the new information, do we want to send a representative group to do the workshop and worship for DA this year? (Confirmed)
 - We'd have 3 weeks to get all of the advisors approved even if the meeting at the end of this month goes perfectly
 - In this room, there are 17 youth and advisors who would like to go
 - We have a more than adequate number of advisors who can attend
 - We could send youth as individuals WITHOUT planning a worship/workshop i the event that the advisor evaluation does not go smoothly
 - Planning
 - Motion: We prepare a packet with brochure and such for DA (Confirmed)
 - Contains: Brochure, links, contact info, etc
 - Chloe, Chris, and Juan volunteered to put it together
 - Worship
 - Current theme for DA: Love Reaches Out (subject to change)
 - We take bits from services in the past that we've liked such as readings and activities
 - Youth are 'kick-ass' worship planners
 - Modified angel walk
 - It's not currently inclusive; it would have to be modified
 - Hard for people with mobility and/or balance issues
 - Awkward with people you don't know
 - Intended to represent love no matter whom the person is
 - Sing Lean on Me
 - Youth outside warn people of activity
 - Do aisles instead of circle
 - Have people join the aisle after walk
 - Motion: Leave the rest of planning to the people who will actually be at DA (Confirmed)

- Workshop
 - The framework is a mini-con with a 15 minute opening circle, 15 minute touch-group time, 15 minute description of the rest of a con, and a 15 minute closing circle
 - Motion: Plan the rest of workshop at DA, seeing as we already have a solid framework (Confirmed)
- Question 2: Do we want to make plans to do DA events next year?
 - Delay decision to youth caucus
- Motion: Agenda for youth council should be posted on website one week prior to con and minutes from past Youth Councils should be posted on website (Confirmed)
